

## Project 1: CSS Reset, Linking JS, Wireframes, GitHub

# SETTING UP FOLDERS AND FILES

01\_Project1\_01/a

HTML5 & CSS

## Assignment Description:

Each Student must demonstrate the ability to properly set up a folder and include the necessary Javascript file and CSS reset.

Each Student must also include 6 wireframes for the Midterm Project website in the assets folder.

The files must be uploaded to GitHub following the best practices taught in Authoring.

## Assignment Requirements:

Each Student must submit a properly structured folder with properly linked Javascript file and CSS reset.

Additionally each student must submit 6 wireframes. These wireframes will demonstrate what your Midterm Project will look like. **Wireframes must be submitted as PDF's.**

Link to Github repo: master branch with dev branches as required (don't delete branches).

**ONLY THE MASTER BRANCH WILL BE GRADED! Late submissions or changes to the repo after the due will penalized by 30%.**

Secondary branches should be named appropriately IE dev.tvr.bio, dev.jb.bio  
Submit the repo link via FOL dropbox - DO NOT submit files. They will be ignored.

Additional information will be given in class, you are encouraged and expected to ask questions, if you are absent it is your responsibility to check with other students.

## Submission:

- Project must be submitted within Week 3 class time.
- When I download from your repo, the zip file should be named = "LastName\_FirstName\_1056\_Project1.zip"

### **folder contents:**

- index.html
- images folder
- css folder
- js folder
- assets folder (everything you used in the creation of this project, wireframe, design brief psd)
- includes folder

**PLEASE NOTE: That your project will not be graded unless you adhere to what has been outlined for you in this document. Individual practices that were given to you during the semester are applicable here as well.**

**i.e: A photoshop file with improperly labeled layers, code not in between body tags, lack of naming conventions, etc.**

## Grading (10%)

## Additional Information:

Missed tests/exams will not be rescheduled without some valid evidence of some important event over which the student has no control (e.g., Court appearance, death in the family). Missed tests or exams, therefore, can receive a zero. The students are advised to notify the professor prior to missing the test.

Students are expected to hand in all assignments to the course instructor on the due date, and all assignments must be submitted in the format specified by the instructor (e.g., on FOL, in printed form, on a specific lab computer, etc.); assignments will not be accepted in any format other than that specified.

Late assignments will not be accepted, nor will make up test or assignments be permitted, without some valid evidence of some important event over which the student has no control (e.g., documented illness, death in the family). Missed tests or assignments, therefore, will receive a mark of zero. Late assignments and make-up tests will only be permitted following the submission of adequate documentation acceptable to the instructor (e.g., a doctor's note). Students are advised to notify the instructor prior to missing an assignment due date or a scheduled test.

Immediately upon return from an illness/absence in which a test or assignment has been missed, the student is responsible for contacting the course instructor to discuss the problem. The instructor will make arrangements for any student deemed eligible. The alternative test/assignment will be of equal value to the one missed with no grade penalty. The timeline and due dates will be determined by the course instructor.

At mid-term, any unsatisfactory results will be reported to the student.

This course may be revised by the professor with suitable notification to the students. Students are responsible for making arrangements to pick up missed handouts, assignments and course announcements from classmates.

Plagiarism (e.g., failure to acknowledge sources used, submitting another student's work under your name, or producing work for another student to submit) is a serious academic offense that shall result in appropriate penalties, to be determined at the discretion of the course professor in consultation with the chairperson of the Communication Arts division. The penalties shall range from failure of an assignment to possible failure of the course. Students shall not make the assumption that any provision will be made by the professor to permit the student to rewrite or redo failed assignments.
